

TODDINGTON ST. GEORGE CHURCH OF ENGLAND SCHOOL

SCHOOL ACCESSIBILITY PLAN October 2015

Updated Oct'05/Jan'06/Oct'06/March'07/Oct'07/May'08/Oct 08/Oct.09/Oct 10/Oct 11, Oct 12,Mar 2014,Oct 2015

A joint staff / governor group considered the audit checklist provided by the LA and Academy to assess the current situation regarding access to the curriculum for all pupils. The checklist and accompanying information is very comprehensive and proved to be a good guide in producing this document.

In order to ensure that no area is overlooked, those aspects of the checklist that are already in place have been identified in the first part of the plan. Changes to the building or organisation have been identified and given a time scale in the second part of this plan. Costings and sources of funding have not been included at this stage, but provision has been made for figures to be added in the light of grant funding that may be made available in the coming financial year.

School Ethos

We believe that all children in the community should be able to attend their local school if the education it is able to provide meets their general needs.

Modifications should be made to eliminate physical barriers, issues of staff expertise and specific resource problems to allow children with disabilities or medical conditions access to the same curriculum as their peers, as long as the provision made for all other pupils is not affected in a detrimental way.

It is understood that there may be instances where a disability affecting a parent/carer rather than a child should be considered, to ensure access to school equal to that of other families.

All amendments to the accessibility plan will ensure the school complies with the schools' Equality plan, the DDA. And any new legislation as occurs

(See also new legislation Lockdown Policy and Emergency Plan 2013-2014 and Access to site document for SEN section of website 2015).

The following provision is in place and will be regularly monitored;

Curriculum

- 1.1 Lessons are differentiated and monitored
- 1.2 Lessons use a range of format and groupings
- 1.3 All pupils are expected to take part in every subject in the curriculum
(but disability PE options will be offered as appropriate eg horse riding / swimming if games sessions not suitable)
- 1.4 Additional support or time is allowed for according to pupils' needs
- 1.5 Specific programs are followed where specified and will be supported by relevant resources under the access initiative scheme e.g.
 - OT exercises in addition to or in place of class PE/Games
 - use of visualizer for VI pupils as advised
 - use of specific touch typing program for VI pupils
 - use of sound systems for HI pupils
 - use of technology to support any pupil with a disability and or statement as required by that statement / EHCP Plan
e.g. voice activated software, computer access, visualizer use, I pad or laptop access, audio equipment, touch typing ,sound field systems.
- 1.6 High expectations are maintained for all pupils, including those with a disability
- 1.7 Staff seek to remove barriers to learning for all pupils including those with a disability, through the use of precise IEP's and wide ranging staff discussions
- 1.8 No child is excluded from a school visit on accessibility grounds
- 1.9 Details of all visits are provided for parents well in advance of the day
- 1.10 Attitudes and behaviour of both staff and children are very positive and supportive of all equality issues
- 1.11 Open evenings and all parent meetings are conducted in a way that ensures access to parents

Physical Environment

- 2.1 The route to the main school entrance is flat and unobstructed
- 2.2 Routes into the building are signed clearly.
- 2.3 Access to the site is not hampered by steps
- 2.4 Modifications have been made to classrooms to reduce background noise
- 2.5 Windows are fitted with blinds to reduce glare
- 2.6 Color schemes are, we believe, appropriate for pupils with visual impairment or ASD
- 2.7 Classrooms are evenly lit
- 2.8 Tables could be used by disabled pupils - range of sizes available
- 2.9 Play areas are accessible to disabled pupils (e.g. ramps, lighting, grab handles, play equipment) and will be painted/amended to ensure safety for visually impaired pupils (striped tape or bright painting of ramps, staging, sandboxes.)
- 2.10 Dining area is accessible to disabled pupils - hatch low enough
- 2.11 A range of dietary needs is catered for
- 2.12 The main door is wide enough for wheelchair access and entrance hall provides enough space for wheelchairs to be maneuvered
- 2.13 Handrails exist where there are ramped entrances
- 2.14 Exit routes are clearly signed and free from obstacles
- 2.15 All exit doors open outwards
- 2.16 There are no steps or other barriers to wheelchair access on the ground floor
- 2.17 All access routes are well lit

- 2.18 Pathways around the site are generally level and unobstructed
- 2.19 I W B are at a level that all children can access and relevant resources will support access e.g. small steps, ramps or individual tablets aligned to the IWB programs.
- 2.20 Range of furniture –seating ,angled desk top boards available as stated (EHCP) pupil needs direct. Ongoing advice from physio and OT as necessary.
- 2.21 Children with specific toileting needs or medical needs relating to SEN D needs medical care plans are accommodated for on site in toilets/medial room and dining room/private areas as necessary.
- 2.22 Staff trained for manual handling /medial care plan needs/relevant first aid and personal care as appropriate.

Written Information

- 3.1 Information for parents is provided in simple language
- 3.2 Signing is provided in support of videos/DVD/IWB work or subtitles will be included
- 3.3 Information is provided in a way that is user friendly
- 3.4 White boards are used in classrooms but a variety of coloured pens are available for visual purposes
- 3.5 Facilities are available to produce written information in different formats
- 3.6 Staff are trained to use specific equipment for disabled pupils as required
- 3.7 I W B work will be bold or coloured as necessary to support a VI pupil or child with dyslexia (or any other need as indentified on their statement). Use of technology (such as a tablet/l pad) to support I W B work will be provided.

ACCESSIBILITY PLAN - JANUARY 2003/4-2012/13-13/14-14/15

(Annual review)

PROPOSAL	ACTIONS	TIMESCALE	COMMENTS
1. CURRICULUM			
Appropriate ICT provision/technological equipment for disabled pupils.	Laptop PC's, visualiser, tablets/l pads, voice activated software and other ICT equipment	As needed in statements.	As needed.
Appropriate training for teachers & SNAs.	Continue to ensure that those people working directly with a disabled pupil understand the nature of his/her difficulty, receive appropriate training and that adequate links develop with the child's therapy unit.
