

We will also be learning about:

- numbers, addition and subtraction
- shapes, measuring and problem solving
- letter sounds, spelling words and decoding words
- continue to write letters correctly
- continue to write sentences and captions and many more things...

Week 3 - 19.6.17: Please could your child bring a named photo of a holiday they have been on, with the location written on the back. This is to share with the class.

Week 7 - 17.7.17: We are planning to have a 'Camping' experience in our garden as our end of year party. If you have any small pop up tents or easy assemble tents that you would be willing for us to borrow, please could you let us know? On the same day we will have a mini splash fun session; if you have a paddling pool you would be willing for us to use please could you let us know?

Homes, houses and holidays

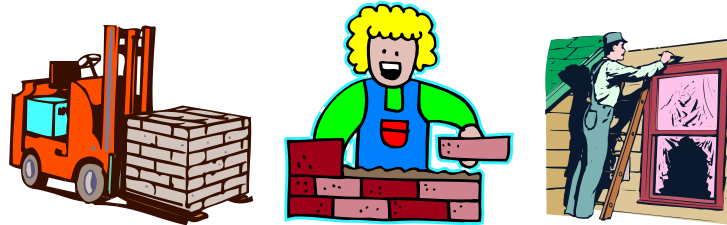

Your child will also have a chance to take part in **Sports Day** to which you will be invited. More information will follow.

Homes

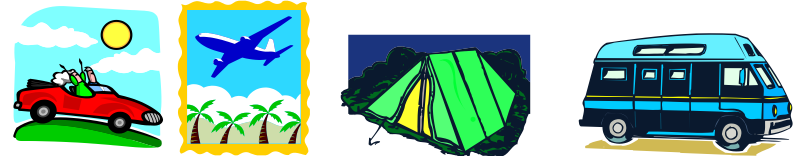

We will be learning about the different rooms in our homes and what they are used for. We will also be thinking about why our homes are special places.

Houses

We will be thinking about the materials that are used to make houses in other countries. Then we will look at houses from other countries and compare them to houses in Toddington.

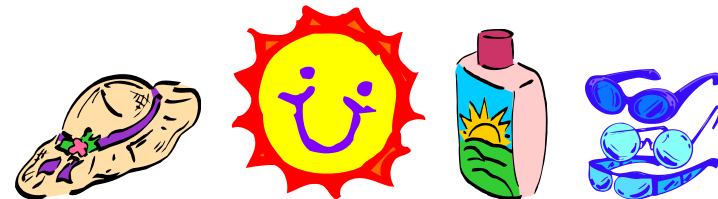

Holidays

We will explore holidays: how we travel, where we go, what we do and what we like.

We will be looking at maps and holiday destinations. We will think about what we need to pack.

We will discuss safety in the sun and water.
